

IFRS FOUNDATION TRUSTEES

The International Financial Reporting Standards Foundation (the IFRS Foundation) is the private sector independent body responsible for the development and promulgation of a single set of high quality global accounting standards. Twenty-two Trustees—from Asia/Oceania, Europe, the Americas and Africa, and also a number from any area of the world (“At Large”)—oversee the Foundation and the International Accounting Standards Board (the Board). The Trustees themselves are publicly accountable to a Monitoring Board of capital market authorities. The UK Overseas Companies Regulation 2009, requires that all appointed Trustees automatically assume the role of Director of the Foundation concurrently with the acceptance of their role of Trustee. The IASB is the body responsible for the development of International Financial Reporting Standards® (IFRS Standards).

Trustees are currently looking to recruit for a number of vacancies that will arise at the end of 2016. Until the final outcome of the Structure and Effectiveness Review is known, proposed changes to the Constitution are currently out for consultation, the precise geographic locations for the upcoming vacancies will not be finalised, therefore, we would like to invite applications and nominations from all regions.

Qualified candidates should have top level experience in an organisation with an interest in accounting standards. They should demonstrate a firm commitment to serving the public interest, to the work of the Foundation and to the IASB as a high quality global standard-setter. They should be financially knowledgeable and be able to meet the time commitment, which includes, but is not limited to, up to four two-day meetings each year. Trustees should have an understanding of, and be sensitive to, the challenges associated with the adoption and application of high quality global accounting standards developed for use in the world’s capital markets and by other users.

The appointments will be for the period of three years. All terms may be renewed for three further years.

Trustees’ responsibilities include oversight of the organisation in the public interest; its strategic direction; appointments to the Board, the IFRS Interpretations Committee and the IFRS Advisory Council; and ensuring the financing of the organisation and approving its budget.
